

ISO 9001:2015

**Upgrade now
and save
Greenland
from the Vikings!**

It's that season when ISO needlessly updates ISO 9001 so you have to buy more of their standards and keep some guys in Switzerland gainfully employed, or they might have to grow beards, form hordes and invade their neighbors. We must not let that happen!

The latest edition of ISO 9001:2015 has been released, and you have three years to update your system before your current certification phases out entirely and the Swiss invade Brazil. Thankfully. Oxebriidge has you covered with three low-cost, superhero-themed* upgrade service options!

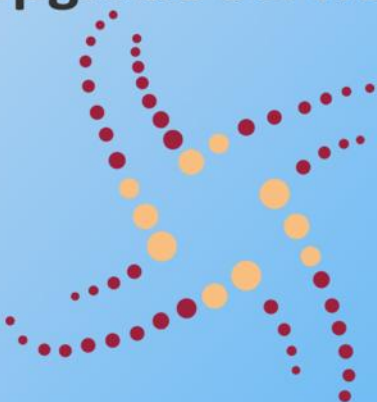

**Because only superheroes can defeat vikings.*

ISO 9001:2015

Iron Plan

Upgrade

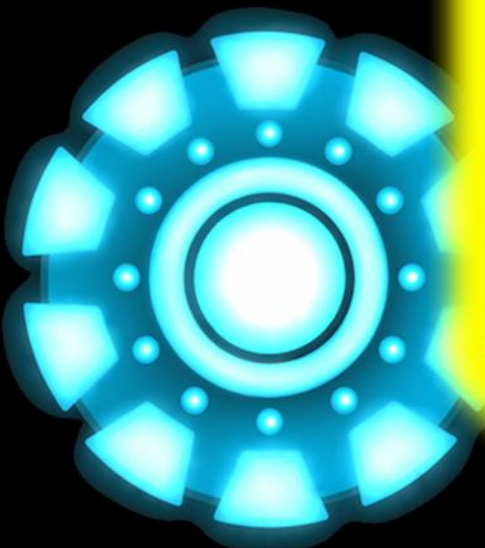

A low-cost, off-site option that will get your in-house team started.

\$4,800

For companies with up to 150 employees. For larger companies, please call.

The **Iron Plan** consists of the following activities and deliverables:

- Updating Quality Manual and top-level procedures to reflect ISO 9001:2015 and its new requirements, including:
 - Context of the organization
 - Risk-based thinking
 - Organizational knowledge
- Defining Context of the Organization through the COTO Exercise:
 - Identifying stakeholders
 - Identifying issues of concern
- Implementing risk-based thinking (RBT):
 - Determining risks and opportunities from the COTO Exercise outputs
 - Developing risk treatments
 - Developing appropriate records
- Updating internal audit program (forms, schedule) to comply with ISO 9001:2015 (if applicable)
- 4-hour remote training (WebEx, GoToMeeting) on the new standard.

ISO 9001:2015 Upgrade

Adamantium Plan

A powerful on-site program that includes limited training, on-site consulting and internal auditor training.

The **Adamantium Plan** includes all of the activities and deliverables from the Iron Plan, but all work is done on-site, plus staff training and one round of internal audits against ISO 9001:2015:

- Trip One – 4 days
 - On-site consulting
 - 1-hour management overview of ISO 9001:2015
 - 1-hour all-hands training of employees on ISO 9001:2015 (multiple sessions as needed)
 - 4-hour in depth training on ISO 9001:2015 for key QMS representatives
 - Context of the organization
 - Risk-based thinking
 - Organizational knowledge
- Trip Two – 3 days:
 - Full internal audit round against ISO 9001:2015 including audit reports.

\$8,500

Plus hotel, car and airfare

For companies with up to 150 employees. For larger companies, please call.
